	<p><i>Mom's Big Catch</i> was inspired by an actual event that took place at Miller Park. In this first book of the series, Ashley's dream was to catch a ball hit by her favorite team, so at the last game of the season she wouldn't dare leave her seat. If she had she might have missed <i>Mom's Big Catch</i>. This is an exciting tale and heartwarming story of one family's adventure at the ballpark.</p>
	<p>In <i>Sadie's Big Steal</i>, the second book in the series, our story continues. Sadie's plan was to steal <i>Mom's Big Catch</i>, but when faced with choosing between right and wrong, Sadie's adventure takes her on a heartfelt journey where she ends up stealing something much more important. This is a special story of friendship and fun!</p>
	<p><i>I'm a Secret Superhero</i> inspires children to find their inner super power and use the unique and beautiful gifts they've been given to shine their light brightly from within for the world to see. Positive thoughts, believing in oneself, kindness and gratitude are all important characteristics and actions encouraged in this fun-loving tale of one girl's journey as she discovers the power of friendships, good choices and giving back. This book will have every child searching for his or her own super power and ready to take flight.</p>
	<p><i>A Soccer Summer Dream With The Milwaukee Torrent</i> is a fun action packed soccer book that is filled with excitement and shares the special bond between a brother and sister (twins) and how they work together to make their dream come true. Part of the proceeds from this positive and inspiring story benefit the Milwaukee Torrent community Foundation.</p>
