14080	Fort Middle School	Get ready to become a Middle School Student. Learn how to open your lockers, find all your new classrooms, and work with new friends and teachers. This class is a must for all incoming 6th graders, but especially for those coming from smaller schools. All worries about a new building will disappear after 4 days at Fort Middle School! This class addresses the WI teaching standard: "Teachers know how children grow." It is understood that children need to experience new situations in order to be comfortable performing in them. By giving the incoming sixth graders middle school experiences, teachers can increase instruction time once the school year starts. THIS CLASS RUNS ONLY MONDAY - THURSDAY.
