September 16, 2021

Oconto Falls Elementary Families,

We have been experiencing situations where students are coming to school ill, pending COVID-19 Test results, and fever free due to medication. We need your help. Please reference the information below regarding sending your child to school.

- Please keep your child at home if they have thrown up the night before school or in the morning before school.
- Please keep your child at home if they have a pending COVID-19 Test.
- Please keep your child at home if you have given them fever reducing medication like Tylenol.
- If your child was sent home ill, they must be fever free for 24 hours (**without fever reducing medication**) **AND** symptoms must be significantly improved before they can come back to school.
- Encourage handwashing with soap.
- Encourage safe coughs into their elbow area.
- Please keep your child at home if they have illness symptoms that are worsening.

We cannot share information on a positive COVID-19 case until we receive official notice from the Oconto County Health Department. We are trying to get this information shared with families as soon as possible when we receive a positive COVID-19 confirmation from the Health Department. One way to expedite this process is to use the district's automated notification system. This system provides alerts via phone call, e-mail and/or SMS (text message). Families will be notified to check their email through text message and phone call. The email will have an attachment, which will provide information regarding next steps in the event your child was in close contact with a person who tested positive for COVID-19. We will also send a hard copy of this letter home with your child. Please make sure your contact information is current so that you do not miss important communication throughout this school year. If you have not received any notifications and your information is correct, this means that your child was **not** a close contact.

Thanks for helping us work together to keep everyone healthy and safe at school. If you have any questions or concerns please call the main office at (920) 848-4476
